Message from the Founder/Director

Namaste and greetings from all at Namaste Community Foundation, Nepal. We hope that you and all your family members, relatives, and close friends are in a good health.

The year 2020 has not been good to every one of us and has affected our daily life schedule. The continuous lockdown, the economic crisis and the casualties has created one of the nightmares to all of us. This yet, hasn't ended yet and several waves has been flowing all over the world creating bad news. But yet the scientist has been able to discover the Covid-vaccine with appreciative success rate. We hope many of us are eagerly waiting for this vaccine and taking a great relief already.

This circumstance has also given us many opportunities to reschedule our daily activities, learn online, and offer quality time with our beloved ones as well. The way of thinking and living our busy lives has been changed, I hope in a positive way.

We are here to present our annual report of last fiscal year (2019-2020) and happy to share some of our (together) achievements here in Pokhara, Nepal with your great cooperation and support.

I, personally and on behalf of the entire Namaste Community Foundation family, would like to thank you all for your contributions, sacrifices, and support toward humanity. Thank you for showing such care and love toward our organization. I would like to extend my special thanks to those who have supported us in the past, who are supporting us this year and also planning to support us in the future.

Stay safe!!! You, your family members, and relatives are always in our prayers.

Best wishes!

1) Children Home Program

Our organization is accommodating children from different caste, religion, area, culture, situation, background, and age and help them adapt behavior in a home style children house with full realization of their rights. Last year 24 children were provided support from this program. Till date a total of 106 children from a very vulnerable situation were rescued and supported out of which 76 children has already been reintegrated. The total number of children receiving support from this program is 30 including 6 from higher education support program.

Table reflecting the number of children supported according to their class:

Class	Boy	Girl	Total
Under class 5	1	0	1

Class 6 – Class 10	9	4	13
Class 11- class 12	4	6	10
Total	14	10	24

Note: Children up to class 12 is kept under children home program according to the new rules of Nepal Government.

2) Higher Education & Reintegration:

The children supported under the NCF Nepal's children home program are getting continuous necessary support for their higher education after the completion of grade 12. Some other children are provided with life skill vocational training to those who are finding it difficult

to continue their formal education. Last year none of the children were reintegrated from this program.

Table reflecting class wise distribution under Higher education program

Particulars	Training	Bachelors	Total
Boy	0	2	2
Girl	1	5	6
Total	1	7	8

3) Scholarship Program:

With an aim of providing school support to the children with poor financial background, out of 14 children receiving support, last year after SEE exam 5 children got reintegrated and currently, 9 children are receiving continuous support for their education. Under this program, we provide support to the children up to Secondary Education Examination (Class 10).

Total number of supported children = 176, out of which 167 has been reintegrated till last April after passing class 10 (including 5 children who passed SEE in the FY 2019/20) and currently a total of 9 children are getting continuous support.

4) Women Empowerment Project:

Despite of having an aim of providing 3 months full time training to 40-50 single women, we succeeded on providing training to 22 single women with one single 3 months full time sewing and tailoring and 21 women were provided with refreshment training. We were not able to provide 3 months full time training to all targeted 40-50 women because of the pandemic. This program also provides psycho-social counseling, business classes, and were motivated to start their own business by telling them the success stories of different personalities. Residential facility is also provided to the trainees who come from long distances. They were handed over the certificate, some of them were provided with the motivational price money after the training. They were also supported by our continuous supervision.

Note: Until now 205 single women were provided full time 3 months training and around 121 were provided with the refreshment training.

5) Women Entrepreneurship Development Project:

This program was launched with the purpose of uplifting the people from their financial dependency especially to those living below the level of poverty. Under this program, we provide financial support to the families willing to start their own business or to extend their business. This support ranges from 10,000 to 70,000 Nepalese rupees depending upon the nature of business. According to which 163 families has already been supported from this program.

Out of the total supported families 86 families has fully repaid their loan and 77 families are continuously paying their installment.
